01 SPORT

Exclusive design and advanced technology
meld into incomparable sportiness.

TITANIUM EXHAUST SYSTEM

Designed by Lamborghini and Akrapovič, leading manufacturer of high-performance exhaust systems, the Huracán's titanium exhaust ensures its clean, visceral, and unmistakable sound at any engine speed. The two characteristic terminals complete the exhaust, emphasizing the sporty DNA and iconic design of the car.

This innovative accessory is distinguished by its features:

- Lightweight, thanks to the high-quality titanium alloy that improves handling and reduces the part's weight by a third compared to the standard exhaust;
- Powerful sound, which highlights the Huracán's sporty spirit;
- Tone, which is maintained at any engine speed, even in STRADA mode;
- Precision of the terminals, whose smooth finish is achieved using the best-quality light aluminum.

TRACK AND PLAY

The exclusive Track and Play application gives you a personal telemetry and video recording tool.

- Easy to install.
- 56 circuits loaded, as well as the Track Creator function.
- Customer control panel for Huracán.
- High-resolution video recording and automatic telemetry data synchronization.
- “Ghost” comparison function.
- Complete performance analysis.

Once the ECU is installed, simply download the app from the App Store.

Acceleration, speed, engaged gear, G-force, steering angle, tire pressure, and engine speed are only a few of the parameters that Track and Play can read, record, and analyze.

THE IMPORTANCE OF THE “L” MARK

Lamborghini’s unmistakable tires featuring the iconic “L” mark are the product of a lengthy testing process and the marque’s avant-garde technology.

Designed to enhance your vehicle’s performance and deliver a unique driving experience on the road and track, Lamborghini’s original “L” tires are equipped with profile and tread designed to:

- Provide the correct dimensional tolerance between the front and rear tires and, consequently, the proper function of the Lamborghini all-wheel drive (front and rear differential);
- Deliver the best car performance and maximum maneuverability and safety on the road and track, thanks to the development of active dynamic systems.

“L” TIRE MODELS

From the technological know-how and materials of the world of motorsports, Lamborghini tires with the “L” mark guarantee performance, control, and safety at any temperature and under any road conditions, from dry to wet to snowy.

High-tech solutions, such as carbon fiber components, raise the performance and style bars.

 GLOSSY FINISH

 MATTE FINISH

CARBON FIBER MIRROR COVERS

Strong and lightweight, the rearview mirror covers enrich the range of external carbon fiber components available. There are two finishes: glossy, to shine under the sun each time you drive by, and matte, to ensure every single detail of your car matches. The end result is a distinctive design that meets your customization needs and guarantees that your Huracán reflects your unique taste.

CARBON FIBER REAR WING

The new rear wing in carbon fiber accomplishes the goal of making the already sophisticated design of the Huracán Tecnica even more iconic.

Available only in the Accessori Originali product range, the rear wing perfectly matches the exterior carbon fiber bonnet and components and will give your Huracán Tecnica an even more extreme and unique look.

Available in matte or shiny finish.

DOOR LIGHTS

The high-definition LED door lights project the Lamborghini shield icon on the ground. An impactful effect that accompanies you everywhere with an exclusive impression, to say the least.

HURACÁN EVO AEROKIT

The Lamborghini Huracán EVO is an aerodynamic masterpiece, but what if we told you that you could take the streamlined qualities of this powerful vehicle to a new level? The aerokit from Accessori Originali comprises of a series of appendixes designed to further stabilize and balance the EVO's aerodynamic configuration and, consequently, deliver an increased overall performance.

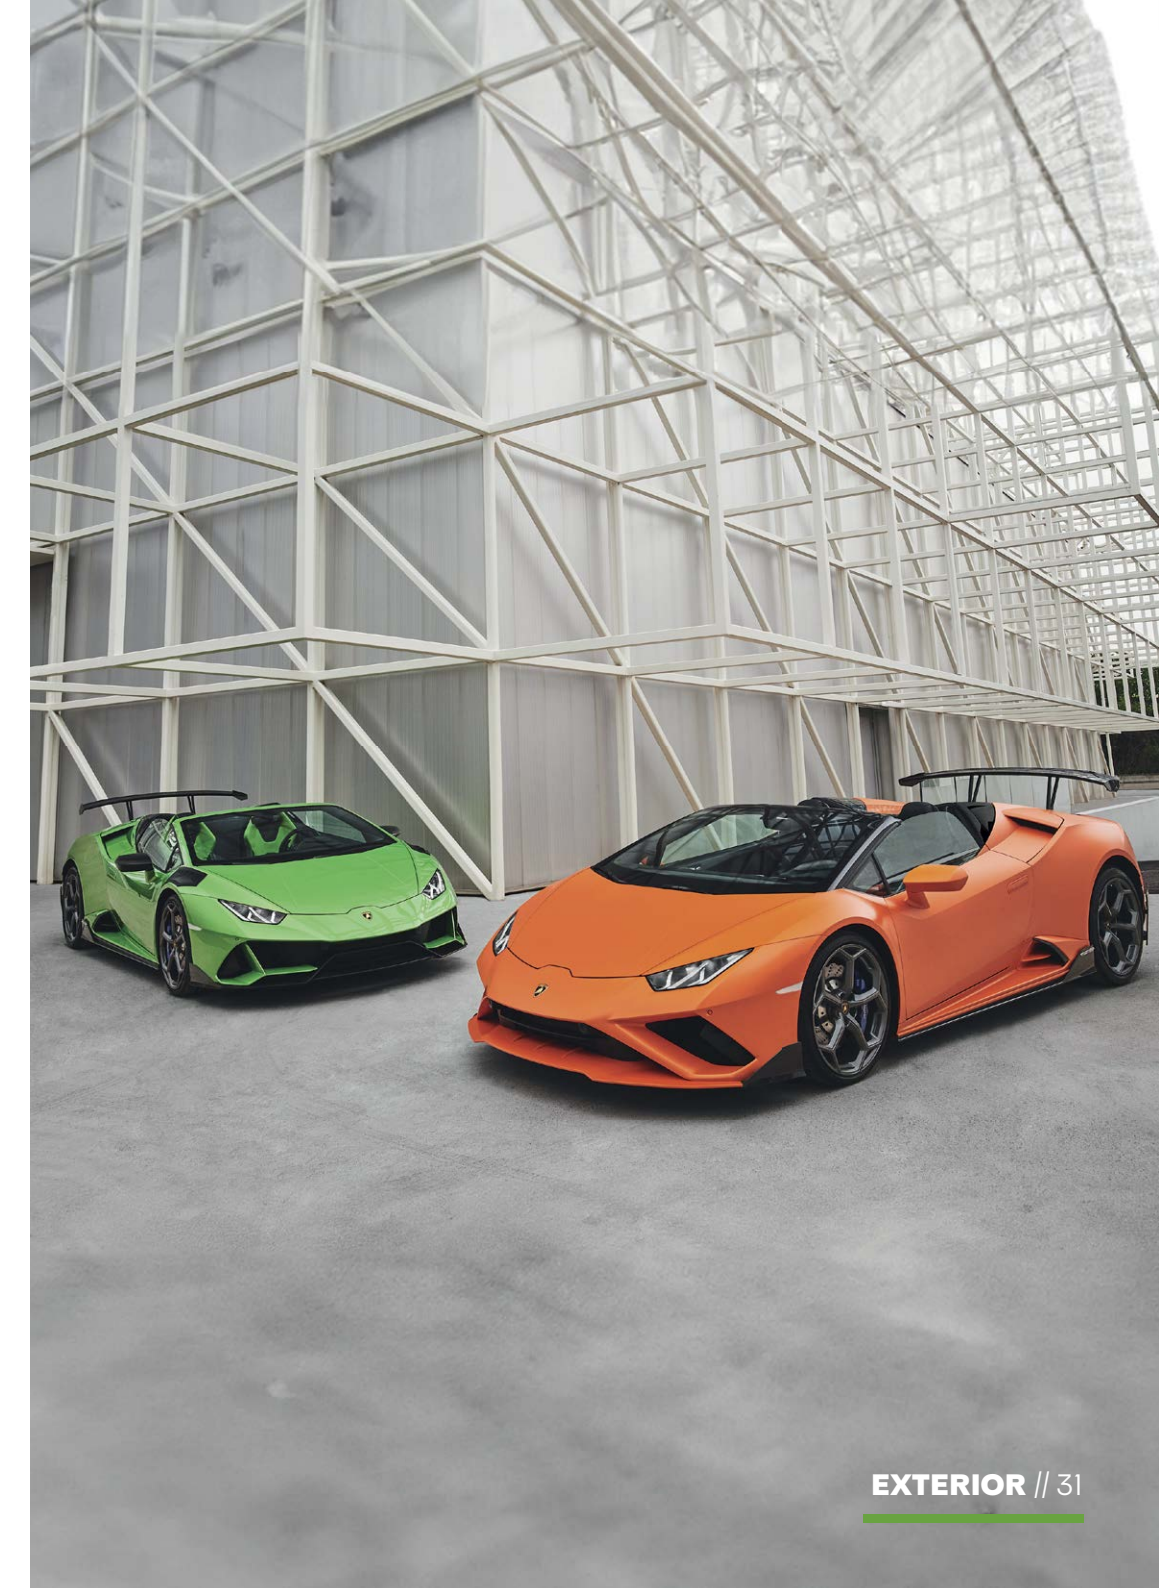

FEATURES:

- Aerodynamic appendixes: front splitter, rocker covers, rear wing, pillars, rear panel upper and diffuser. The perfect match for the carbon fiber rear bonnet and other carbon exterior details;
- Twill carbon fiber composite material in shiny finishing. Wing's pillars in black painted aluminum.

04 INTERIOR

The luxury of the most refined materials merges with absolute sportiness and exclusivity.

LUGGAGE SET

Travel in full Lamborghini style with the elegance and originality of the Lamborghini branded luggage set, specifically designed to fit the space in the luggage compartment for handy, daily use. The set consists of two bags with hand-sewn finishes made from the same prized Italian leather and the same Alcantara used to finish the interior of Lamborghini vehicles.

You can choose between three different configurations:

STANDARD

It combines the elegance of black leather, gray Alcantara, and yellow stitching, for an all-black look;

AD PERSONAM

The leather, Alcantara, and stitching are coordinated, and you can choose from the wide range of colors and materials available for the Huracán family;

AD PERSONAM PLUS

Provides the opportunity to choose a different color for the logo stitching, add embroidered initials, include integral Alcantara, and select the color of the standard exterior leather.

PHONE HOLDER

The new phone holder offers a safe solution for your device. Designed to increase the useful surface area in the cabin of your Huracán, the phone holder is a functional, aesthetics-conscious accessory. Tested and homologated by Automobili Lamborghini.

06 CARE AND SAFETY

The top in terms of protection and safety, with a touch of style and exclusivity.

INFOTAINMENT SCREEN PROTECTOR

Developed using the best technology, the infotainment film protects the screen of the Huracán from micro-scratches. The highest hardness available (9H) guarantees resistance to any cutting impact. In addition, a special oleophobic, fingerprint-resistant film protects it from smears. The glare-resistant layer also reduces sun glare on the screen. The glass features the Lamborghini On/Off Shield, only visible when the screen is off and invisible when the screen is in use.

The availability of this accessory may vary depending on the country.
For information on the products available, contact your Lamborghini Dealer.

SEAT COVERS AND STEERING WHEEL COVER

Iconic elements like the seats and steering wheel of your Huracán are the result of painstaking work by expert craftsmen and need to be protected, even when the vehicle is indoors. Accessori Originali offers exclusive seat and steering wheel covers made of tough, elastic fabric and adorned with the Lamborghini logo. These covers are ideal for anyone who wants to take care of their car even when the vehicle is not in use.

The availability of this accessory may vary depending on the country.
For information on the products available, contact your Lamborghini Dealer.

INDOOR CAR COVER

A car cover made of interlock fabric that perfectly embraces your Huracán. Resistant to dust and scratches, this exclusive accessory adorned with the Lamborghini logo is ideal for protecting your car during extended idle periods.

OUTDOOR CAR COVER

To those looking for the best protection, Accessori Originali offers an exclusive car cover made of high-quality, strong, waterproof elastic fabric. This accessory is ideal for protecting your car wherever it's parked. In addition to its elastic qualities, the fabric is breathable, flame-resistant, water- and oil-proof, and blocks UV rays. All of these unique characteristics are combined with an elegant and sporty design.

TIRE CUSHIONS

To avoid tire deformation and the formation of spots from leaving the vehicle in parking for long storage periods, the dedicated tire cushions are made from time-and weight-resistant materials. These accessories do not require assembly; once the cushions are positioned on the ground, you can just drive the car onto them.

BATTERY MAINTAINER

A very useful device, it keeps the battery charged.

EMERGENCY AND FIRST AID KIT

Specially designed and easily transported, this kit contains everything you need to deal with an emergency on the road.

07 HURÁCAN STO

Stylish details for a sports car designed to unleash emotions every day and when driving on tracks.

AKRAPOVIČ Lamborghini

TITANIUM EXHAUST SYSTEM

Born from the fruitful collaboration between Automobili Lamborghini and Akrapovič, leading manufacturer of exhaust systems for high-performance cars, the new Huracán STO titanium exhaust system results from the advanced study of materials, design, and acoustical engineering.

Made entirely of a high-quality titanium alloy that makes it lighter, stronger, and heat-resistant, this accessory presents an unmistakable design that blends perfectly with the beauty and rear line of the car.

Furthermore, the titanium exhaust system offers a symphony of strong, clear sound that releases all the energy of the V10 engine.

DOOR LIGHTS

The new LED door lights branded with the STO logo give your Huracán an extra exclusive touch that won't go unnoticed. When the car door opens, the STO logo is projected onto the ground, creating a unique effect whose impact is maximized at night.

RIM BADGE

Your Huracán STO is best preserved by paying attention to even the smallest details.

Lamborghini has developed a specially designed rim badge that, in addition to being exclusive, stylish, and long-lasting, contributes to preserving the value of the STO for many years to come.

CAR COVER

With a completely renewed racing-inspired design, the STO car cover is made of an elastic, strong, waterproof fabric, ideal for protecting your car in style during any season and no matter the location. To highlight the sporty spirit of the vehicle and bring out the personality of its owner, the car cover can be customized with details such as the driver's name and country flag, either in white or colored font.

The car cover is available in six colors: Grigio Nimbus (Gray), Blu Nila (Blue), Verde Selvans (Green), Rosso Mars (Red), Arancio Xanto (Orange), and Giallo Belenus (Yellow).

Choose the one that best represents you.

SEAT COVER

A special edition of the seat covers was designed for the sporty seats of Huracán STO. These covers feature an entirely new design and are made of strong, elastic fabric adorned with the STO logo.

This accessory is available in a range of colors that match the standard interior stitching.

The seat covers are the perfect solution to take care of your Lamborghini even while the car is not in use.

TIRE SELECTION

Lamborghini tires featuring the exclusive “L” Mark are designed to guarantee control and unparalleled performance at high speeds. You can choose between three different models for an even sportier, extreme driving experience.

RACE

Certified for on-road use but specifically designed for the track, where it scored the best times compared to competitors, the Race tire offers the best dry-braking performance and can boast an exceptionally long life.

SPORT

Ideal for those who love a dynamic driving experience, the Sport summer tire offers unprecedented stability on turns and straightaways, thanks to the asymmetric structure of the tread.

WINTER

Safety, control, and high performance no matter the winter weather conditions. The Winter tire comes from the most innovative technologies, featuring new compounds and exclusively designed ribs.

TITANIUM REAR ARCH

Designed by Automobili Lamborghini in collaboration with Akrapovič, the rear arch brings out the racing DNA and wild nature of your Huracán STO.

Mounted directly on the frame, this accessory is built entirely of titanium alloy, a high-quality material characterized by lightweight qualities and surprising strength.

The result enhances the sporty personality of the Huracán STO in authentic Lamborghini style.

08 HURÁCAN STERRATO

Exclusive options to explore new paths and live authentic, extraordinary experiences with your Huracán Sterrato.

ROOF BASKET

The roof basket is an unconventional new way to provide extra storage space without compromising on style. The floor of the roof cage features four lengthwise profiles where loads can be secured individually with the belts provided for maximum security during travel. In a display of Lamborghini sophistication, the lightweight aluminum frame structure is powder-coated matte black and features the distinctive Sterrato logo lasered on the front bar.

SKI AND SNOWBOARD RACK

Accessori Originali gives Huracán Sterrato owners the chance to conquer ice and snow with the ski and snowboard rack.

This dedicated lightweight aluminum structure in matte black is the perfect accessory to transport skis and snowboards safely toward new winter adventures.

ADDITIONAL LIGHTS

Huracán Sterrato is an adventure car. Accessori Originali makes exploring even easier with additional front lights.

AVAILABILITY IS NOT GUARANTEED FOR ALL MARKETS.
Additional front lights are not homologated for usage on public roads in all markets.
Please check with your preferred Authorized Lamborghini Dealership for details and availability.

PROTECTIVE CAR COVER

The best in terms of protection from all weather conditions, the protective car cover is made of the most advanced wind- and water-resistant bi-elastic material that perfectly fits over the car to protect the Huracán Sterrato wherever it may be parked.

A dedicated livery designed by Centro Stile and applied with a revolutionary UV printing technique makes your car more unique even while waiting for the next adventure.

ALL-TERRAIN FLOOR MATS

Accessori Originali has thought of everything, including preserving the interior of the Huracán Sterrato in peak condition at all times with specially designed all-terrain floor mats.

RIMS

New forged rims with a distinctive design, inspired by the world of rally.

The Cerere and Morus rims come in a variety of matt and shiny finishes to choose from.

TIRE SELECTION

Lamborghini tires with the exclusive “L” Mark are designed to guarantee control and unparalleled performance at high speeds.

Two specific models have been developed to meet the unprecedented requirements of such an extreme vehicle:

ALL-TERRAIN

Ideal for those who love adrenaline-filled driving experiences both on-road and off-road. The exclusive shoulder of the tire optimizes driving on irregular surfaces such as gravel and mud, whereas the tire thread ensures optimum stability at high speeds. In addition, The Run Flat Technology allows the car to continue driving even after a puncture.

WINTER

Winters are unpredictable, with extreme rainfalls, frequent sub-zero temperatures, and snowfalls. This directional thread tire with 2D and 3D sipes provides the best grip and adherence, even in the most extreme conditions.
